“JCU offers a high standard of teaching and a strong support system for law students. The teachers have a good attitude towards teaching, have an incredible understanding of the content and are open to feedback. Students have great networking opportunities, such as get-togethers and guest lecturers. In my opinion, it is of the utmost importance that law students know their colleagues, professional peers and potential employers.”

Alice Bosanquet
BACHELOR OF LAWS

“One of the benefits of studying at JCU is that there are smaller classes here compared to other universities. If students need help, it is very easy to get access to their teaching staff.

We have a very good relationship with our students, and I know a lot of them personally. It’s not unusual for them if they are walking past to pop their head in and say ‘hello’.

And for students who are living farther away, with online study they can still come to JCU and study externally a lot of our courses now.”
