

**Southern Cross
University**

The 2022 Southern Cross University Quick Course Guide

We stand for what matters

It's not a slogan. It's an ethos that informs our courses, our research and our pursuit of excellence as a university.

It means we are committed to protecting and managing our precious natural resources, and to understanding and advancing our human world.

Regenerating, challenging, exploring, experimenting; finding solutions where there appeared to be none, building knowledge from the ground up. Adapting and finding resilience in an uncertain world.

Whether you study at one of our beautiful campuses or online, our small class sizes mean we know you by name. You'll be supported every step of the way with leading student services designed to help you flourish and succeed at university.

3 main campuses
7 branch campuses

66,000+
graduates

20,000+
students

Southern Cross University acknowledges and pays respect to the ancestors, Elders and descendants of the Lands upon which we meet and study. We are mindful that these Lands always were and always will be Aboriginal Land.

Engineering the future

Engineer, Transport NSW

In the second year of her degree, Marnie was offered a role as cadet engineer with Transport NSW in roadworks construction and maintenance.

She was recently accepted into the Transport NSW two-year graduate program, where she will begin her role in transport modelling in 2021.

"The best thing about studying at Southern Cross is the knowledgeable and diverse teaching staff, who facilitate great conversations in class, are always available for a chat, and who really prepared us to become leaders in the engineering field. Also, the facilities in Lismore are fantastic. It's a new building so has state-of-the-art engineering labs and teaching spaces."

Marnie Atkins

Bachelor of Engineering in Civil Engineering (Honours) graduate

Working for my community

Registered Nurse, Tweed Hospital and firefighter

Hailing from a family of paramedics, nurses and hospital workers, a career in health services was a natural progression for Sophie Longworth.

Beyond the hospital however, Sophie is also a trained firefighter and former surf lifesaver.

"I knew working full-time as a registered nurse would already be busy but that's the kind of the environment I thrive in. I've always had the drive to do what I can for my community."

"Studying at Southern Cross University gave me knowledge but also confidence to step straight into the job and to strive to be the best nurse I possibly can."

Sophie Longworth

Bachelor of Nursing graduate

A global career in sport

Lead Strength & Conditioning Coach Rowing/ Swimming, Team Netherlands

From the Queensland Academy of Sport to training the Bangladesh Cricket Team and Olympic rowers and swimmers in the Netherlands, Theo's career in sport has spanned the globe.

"The best part without doubt is seeing your athletes achieve on the world stage. One of my swimmers set a new world record in the 50m – it makes all those hours of meetings, programming, trying to come up with solutions to problems worth it."

"We apply scientific theory and technology to produce some of the best athletes in the world. Completing my degree at Southern Cross has been a key ingredient to my success as a high performance strength and conditioning coach."

Theo Pickles

Bachelor of Human Movement Science (Exercise Science) graduate

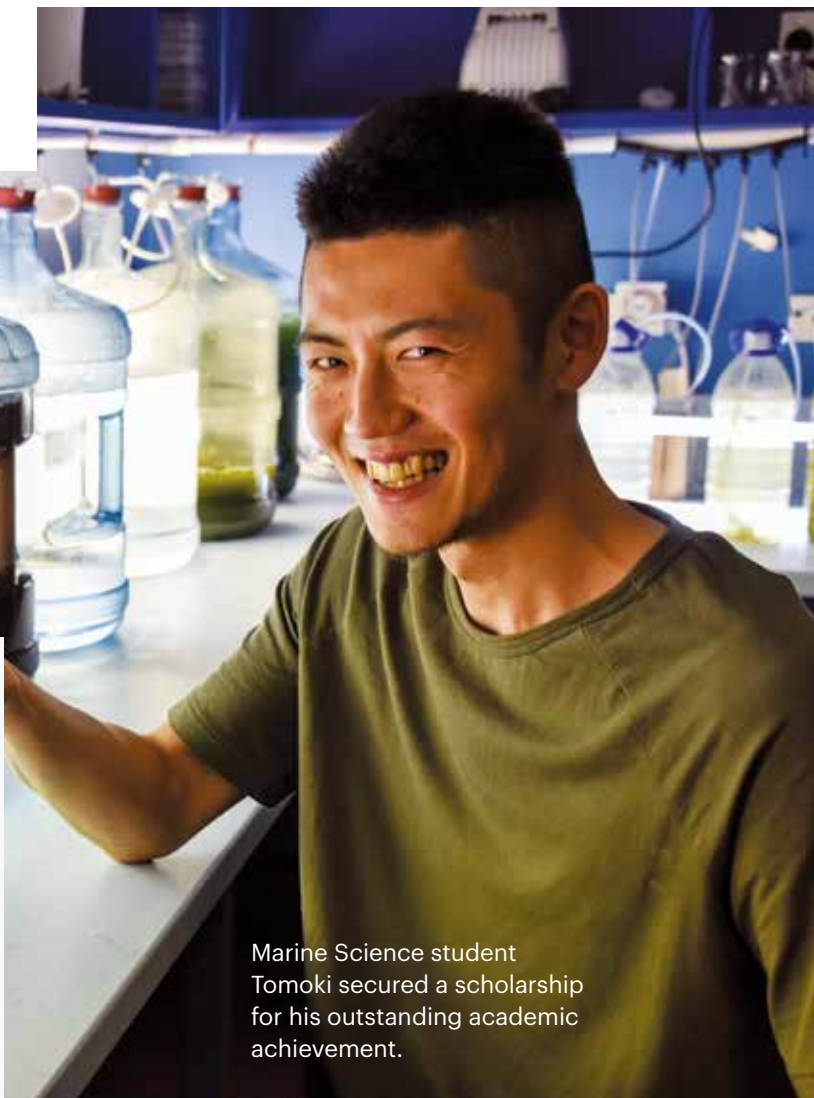

Scholarships

**One application.
380+ scholarships.
\$4million+ pool.**

Scholarships really make a difference. They make your education attainable by reducing the financial burden of study – enabling you to focus on your studies and put your learning first.

Marine Science student Tomoki secured a scholarship for his outstanding academic achievement.

Scholarships range in value from \$150, which could help you buy textbooks, to \$60,000 over 4 years, which could help pay your living expenses and allow you to study full-time.

Scholarships are available to undergraduate and postgraduate students for:

- Academic achievement
- Financial hardship
- International students
- Indigenous Australian students
- Leadership and community involvement.

There are also Australian Government scholarships available for students who move to regional areas to attend university or for study abroad as an international exchange student.

Applying is easy – a single application puts you in the running for all scholarships that apply to you.

More details and how to apply at scu.edu.au/scholarships

For equity scholarships visit uac.edu.au/equity

Student life

Going to university is not only about getting a first-class education and setting yourself up for that dream career. It's also about having fun, making lasting friendships and enjoying the social side of university life.

Our UniLife program aims to encourage both your academic success and support your wellbeing. Students can get involved in social sports clubs and societies, and University-wide events such as the University Student Awards, snow tour, learn-to-surf camps, beach and water safety programs, and other national competitions.

See the full list of programs and activities offered at scu.edu.au/unilife

HECS-HELP

Most undergraduate degrees are subsidised by the Australian Government. These are called **Commonwealth-Supported Places**. You pay a part of the tuition fees and the Government pays the rest.

You can defer the payment of your fees through the HECS-HELP loan scheme. This allows you to postpone paying your fees until your income reaches a certain threshold. You then pay it back in proportion to your income through the tax system. For details, visit studyassist.gov.au

For course fee details, visit scu.edu.au/fees

Pathways to university

There are many pathways to university. An offer on the basis of your high school results is just one.

Associate Degrees and Diplomas

The following courses can also be a pathway into a Bachelor degree:

Associate Degree in Civil Construction (Engineering and Management), Creative Writing, Information Technology, Law (Paralegal Studies) or International Tourism and Hotel Management.

2 years full-time or equivalent

Diploma in Arts and Social Sciences, Business, Civil Construction (Engineering and Management), Health, Hotel Management or Science.

1 year full-time or equivalent

SCU College

If you don't meet the Bachelor degree entry requirements, SCU College offers alternative pathways to university study.

The Preparing for Success Program (PSP) can be completed full-time over 12 weeks or part-time in one year, either on campus or online.

Transition to Uni is a six-week intensive preparation course for recent school leavers.

Both courses equip you with the study skills you need at university and successful completion guarantees a place in a Southern Cross degree.

SCU College classes are small and extra support is available for all students.

Students who complete one of these programs can proceed directly to a Southern Cross University degree with the confidence that they are well-prepared.

For more information about SCU College pathways, visit scu.edu.au/scu-college

My pathway to uni was different

"My pathway to university was a bit different to most people as I did not complete high school. I completed Southern Cross University's Preparing for Success Program instead, which helped me develop my essay writing skills, my science and my mathematical abilities, which are so crucial at university, and I was able to get into the degree from there. All the hard work since has been so worth it."

Rylee decided to study Biomedical Science to fulfil her passion for understanding details, such as microbial interactions, biochemical pathways, and the role of various blood cells in health and disease.

"I'm hoping to study bacteriophages during my Honours research year and how we could possibly use bacteriophages to re-sensitise bacteria to antibiotics they were previously resistant to."

Preparing for Success Program and Bachelor of Biomedical Science graduate Rylee Deehan

Why study with Southern Cross University?

Arts and Humanities

In our technology-driven lives, critical thinking and an understanding of how our human world works are more important than ever.

Our arts and humanities degrees equip you with the skills you need for a career in today's dynamic cultural industries.

 Design your own degree with shared majors

Careers in Arts and Humanities

- Arts administrator
- Content creator
- Digital media producer
- Ethics adviser
- Film producer
- Historian
- Journalist
- Political analyst

Combine your interests

in a flexible, tailor-made degree with a wide choice of subjects

No.1 in Australia

Indigenous Knowledge

Discover how learning and knowledge is shared in the world's oldest living cultures. Our degrees explore Indigenous histories, knowledge systems, health and wellbeing, and ways of living.

Graduates are well-prepared for careers in a range of professional sectors including health, community services, tourism, business, justice sector or policy and research.

Careers in Indigenous Knowledge

- Community worker
- Cultural heritage consultant
- Engagement adviser
- Environmental consultant
- Indigenous land manager
- Indigenous programs adviser
- International aid worker
- Paralegal work
- Policy officer

Culturally safe

Dynamic and innovative courses for both Indigenous and non-Indigenous people

Strong links

with local Elders and communities as well as international relationships

Information Technology

The jobs of tomorrow require agile digital specialists who can create, deliver and distribute content and resources seamlessly across channels and technologies.

Our degrees offer not only a thorough grounding in the technology and communications of today, but the ability to see what's coming next.

Careers in Information Technology

- Big Data expert
- Business analyst
- Cybersecurity expert
- Digital entrepreneur
- Network planner
- Software engineer
- User experience expert
- Web developer

The Hotel School

The Hotel School is a unique partnership between Southern Cross University and Mulpha Australia, a global hotel investment group. With campuses in the centres of Sydney, Melbourne and Brisbane and on Hayman Island, the Hotel School is perfectly located not only for study but also for internships in leading leisure and hospitality businesses.

The Hotel School offers undergraduate and postgraduate studies in tourism and hotel management, with extended Work Integrated Learning and placements.

Practical training in hotels and tourism structures with mentorship from experienced management professionals forms a fundamental part of our courses. This means you will be well-prepared for the demands of this dynamic sector once you graduate, with professional networks already in place – a key factor for career success.

As a Southern Cross University student at The Hotel School, you will not only join a globally-ranked university – you'll be part of a brand that is synonymous with excellence in hotel and hospitality management around the world.

Our campuses

We are a multi-campus university on Australia's east coast with main campuses at the Gold Coast in Queensland and at Lismore and Coffs Harbour in New South Wales.

The regions we call home all have unique characteristics as study locations – from cosmopolitan cities, thriving industries and coastal lifestyles to living laboratories of great natural beauty and ecological diversity within easy reach of the campus.

We have metro campuses in Sydney, Melbourne and Perth which operate in collaboration with EduCo, and our unique partnership with Mulpha Australia – The Hotel School – has campuses in Sydney, Melbourne, Brisbane and on Hayman Island Resort.

300 days of
sunshine per year

6th largest city in
Australia

Gold Coast

Our Gold Coast campus is located at Coolangatta, just 400 metres from North Kirra Beach, next to the Gold Coast Airport. Many vantage points from the campus buildings offer stunning views of the Pacific Ocean.

The campus is spread across three contemporary buildings that house innovative learning spaces, health science laboratories, computer labs, student lounges, the University's Digital Enterprise Lab and an on-campus Health Clinic. You can also study information technology, music and digital media at our new Coomera Creative Campus on the northern Gold Coast.

Lismore

Lismore is the original Southern Cross campus, located in the heart of the Northern Rivers.

Set on acres of lush rainforest that is home to abundant native wildlife and a koala hospital, Lismore campus is a creative hub close to both national parks and stunning beaches at Byron Bay, Lennox Head and Ballina.

The campus has state-of-the-art engineering and environmental science facilities, specialist health labs and simulated hospital wards, a law moot court, Learning Centre and library complex, gym, heated pool and an on-campus Health Clinic.

Coffs Harbour

The Coffs Harbour campus is at the heart of an innovation hub with strong connections to the community and beyond. The relaxed coastal lifestyle of this growing city is accompanied by international sporting facilities and a major regional airport.

A multi-million-dollar Health Sciences Building on Coffs Harbour campus features a biomechanics running track and high-tech simulation teaching laboratories. The campus also has a fitness centre, extensive landscaped grounds, sporting fields and close proximity to beautiful beaches and national parks. The University's world renowned National Marine Science Centre is located in nearby Charlesworth Bay.

Design your own degree with a shared major

Want to study Arts, but also passionate about helping to solve global environmental challenges? Or perhaps you're interested in psychology but also in digital media? Depending on which course you are enrolled in, you may be able to combine more of your interests by choosing a shared major from a wide range of disciplines across the University. A shared major is the equivalent of eight units or one year of full-time study.

You can study a shared major with the following degrees:

- Bachelor of Arts
- Bachelor of Business and Enterprise
- Bachelor of Psychological Science
- Bachelor of Science.

You can choose from these shared majors:

- Art and Design
- Aviation Management
- Biomedical Science
- Business and Data Analytics
- Contemporary Music
- Creative Writing
- Cultural Studies
- Digital Media
- Entrepreneurship and Innovation
- Environmental Solutions
- History
- Indigenous Knowledge
- Law and Justice
- Politics and International Relations
- Psychology
- Regenerative Agriculture
- Sustainability
- Tourism Management.

Take the stress out of Year 12 with a STAR Early Offer

The STAR program allows you to secure your place in a Southern Cross University degree before your Year 12 results are even released. It's designed to remove some of the pressure from Year 12 and give you a pathway directly into university study that is not based solely on your Year 12 results.

Who is eligible?

Any student completing Year 12 studies at an Australian school in 2021 can apply.

How does it work?

STAR has three levels based on your high school grades.

These levels are:

- STAR Platinum
- STAR Entry
- STAR Pathway.

STAR Platinum

Students who qualify at this level may gain entry into any Southern Cross University undergraduate degree*, including Education, Engineering, and Law.

Entry Requirements

Students should achieve an average grade of:

- B or above across all subjects in QLD or
- Band 4 across all subjects in NSW.
- AND have received a principal's recommendation into their chosen degree.

STAR Pathway

This level of the program provides an access point for students who may not have gained the academic outcome they'd hoped for, but who still would like to go to university.

Students will be recommended into one of the following Southern Cross University pathways:

- a relevant Diploma
- the Transition to Uni program or
- our Preparing for Success Program (PSP).

Upon successful completion of the pathway, students can then commence study in a Southern Cross course.

STAR Entry

This level of the program allows early offer access to a broad range of innovative Southern Cross degrees, but does not include our Education, Engineering and Law degrees.

Entry Requirements

Students should:

- Be passing all Year 12 subjects, and/or
- Have received a principal's recommendation into their chosen degree.

*Please note STAR Early Offer does not apply to the Bachelor of Midwifery. Please refer to scu.edu.au/midwifery for admission requirements.

How to apply

If you are an undergraduate (your first degree)

Step 1. Choose a course

Step 2. Check the course requirements on scu.edu.au

Step 3. Talk to a student adviser if you need more information on 1800 626 481

Step 4. Apply!

To apply as a school leaver with an ATAR, go to uac.edu.au or qtac.edu.au

To apply as a non-school leaver or for online study, apply directly to the University.

scu.edu.au/howtoapply

If you are a postgraduate

Apply for postgraduate coursework degrees directly to the University at scu.edu.au/howtoapply

All applications for Higher Degrees by Research (HDR) are made via the Southern Cross University Graduate School. Southern Cross offers Masters by Thesis, Professional Doctorates and Doctor of Philosophy (PhD) awards.
